*Received 20 December 2002*

Equation (7) in [1] should be

$$\begin{aligned} C(\gamma, t, r) &= \mathbb{E} \left[ \log \det \left( \mathbf{I} + \frac{\gamma}{t} \mathbf{H} \mathbf{H}^* \right) \right] \\ &= \frac{m!}{(n-1)!} \int_0^\infty \log \left( 1 + \frac{\gamma}{t} x \right) e^{-x} x^{n-m} \\ &\quad \times [L_{m-1}^{n-m}(x) L_{m-1}^{n-m+1}(x) - L_{m-2}^{n-m+1}(x) L_m^{n-m}(x)] dx. \end{aligned} \quad (7)$$

## ACKNOWLEDGMENT

The author would like to thank G. Taricco for kindly pointing out this error.
